PROFESSIONAL SUMMARY

UI/UX Designer with frontend development experience specializing in responsive web interfaces, design systems, and user-centered digital experiences. Built on years of independent graphic design and Photoshop work, with freelance experience since 2023 and a UI/UX & Frontend internship at a UK-based IT company. Comfortable collaborating with developers, communicating with clients, and translating business requirements into polished digital products.

EXPERIENCE

UI/UX Design & Frontend Development Intern | Choros.io (UK) | Jan 2026 – Apr 2026

- Redesigned and built full websites in Figma and Laravel/React for UK clients, including SEO-focused redesigns and custom dashboards.
- Delivered a complete client website redesign using AI-assisted workflows while preserving brand identity and improving usability.
- Designed dark mode interfaces, expanded page structures, and produced marketing assets.
- Restructured 362 sitemaps, handled QA, responsiveness, and bug fixes with a remote development team.

Freelance UI/UX Designer & Frontend Developer | 2023 – Present

- Designed and developed responsive websites and interfaces using React, Next.js, Laravel, and Vue.
- Created branding assets, marketing creatives, and Meta advertising graphics.
- Produced wireframes, prototypes, high-fidelity UI, and developer handoff documentation.
- Led projects from discovery through delivery while communicating directly with clients.
